The Board of Directors of Swedbank AB
Attn: Secretary of the Board
111 57 Stockholm

Vällingby 29 January, 2020

Matter: Annual General meeting 2020 have to get answers as to why there are no provisions for money laundering

It appears from the reporting regarding Swedbank's Annual Report accounts, that the 2019 Annual Report lacks provisions for upcoming costs due to the Bank's money laundering issues. See appendix.

I demand that the Chairman of the Board explains why Swedbank, unlike other companies at the Stockholm Stock Exchange, appears to have left out this issue and that he describes the extent of it.

I want to emphasize that I expressed my reservation against the election of Göran Persson as chairman.

Kind regards
